Please join us for an inspiring presentation
by multiple Nobel Peace Prize nominee
Craig Kielburger.

Craig will bring to light a unique opportunity for Canada's youth to positively shape their local and global communities. Craig illustrates this powerful message through stories from his inspiring journey, begun when he was 12 years old, which has built Free The Children into the world's largest youth run charitable organization.

You can read more about Craig and Free the Children at
www.freethechildren.com.
